

Autism in Urban Context

- ⇒ **Are you the parent or legal guardian of an African American child age 8 or younger?**
- ⇒ **Has your child received a diagnosis of an Autism Spectrum Disorder (Autism, Asperger's Disorder or Pervasive Developmental Disorder-Not Otherwise Specified/PDD-NOS?)**
- ⇒ **Are you interested in sharing your experiences?**

If yes, then we invite you to participate in a research study at USC:

- **The purpose of this study is to improve diagnosis and services for African American children diagnosed with Autism Spectrum Disorder & their families.**
- **Participation will involve sharing your experiences through interviews, observations & video-recordings of you, your child and their health care provider(s).**
- **You will be compensated for participating.**

For more information or to participate, call or email Olga Solomon, Ph.D. at (323) 442-1864, or at olga.solomon@usc.edu.
