Final Opportunity to Bill for Services provided in FY 2018-2019

The month of February 2021 will be the final opportunity you will have to bill North Los Angeles County Regional Center (NLACRC) for any unpaid services or claims provided during fiscal year 2018-2019 (July 1, 2018 through June 30, 2019). Therefore, all outstanding billing claims incurred during fiscal year 2018-2019 must be received by NLACRC on or before **February 6, 2021** for review.

NLACRC will be unable to process any claims for fiscal year 2018-2019 that are received after February 6, 2021 for payment because NLACRC's fiscal year 2018-2019 contract with the State of California's Department of Developmental Services (DDS) will be closed. Therefore, it is important that any outstanding billing claims for fiscal year 2018-2019 be received by NLACRC on or before February 6, 2021 for review.

If you have any questions about your billing claim, please contact one of the following accounts payable staff, based on the first letter of your vendored name, to discuss any outstanding billing issues you may have.
