February 12, 2021

Dear Consumers, Family Members and Providers,

While hospitalizations due to COVID19 are decreasing both in the county and the state, they do continue. Please remember that individuals with a developmental disability are allowed to have a ***support person*** when hospitalized. Please contact your Consumer Services Coordinator if you or your family member is hospitalized and needs support during the hospitalization, including advocacy assistance to allow a support person. If you are unable to reach your Consumer Services Coordinator, please contact the NLACRC office in your geographic area and ask for the Officer of the Day.

As always, we are here to help. Please be safe and be well!
