February 10, 2017

To the Members of the Administrative Affairs Committee
North Los Angeles County Regional Center, Inc.
Chatsworth, California

We have audited the financial statements of North Los Angeles County Regional Center, Inc. (the Center) as of June 30, 2016, and for the year the ended, and have issued our report thereon dated February 10, 2017. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, Government Auditing Standards and the Uniform Guidance, as well as certain information related to the planned scope and timing of our audit.

Our Responsibility under U.S. Generally Accepted Auditing Standards and Uniform Guidance

As stated in our engagement letter dated September 6, 2016, our responsibility, as described by professional standards, is to express an opinion about whether the financial statements prepared by management with your oversight are fairly presented, in all material respects, in conformity with U.S. generally accepted accounting principles. Our audit of the financial statements does not relieve you or management of your responsibilities.

In planning and performing our audit, we will consider the Center’s internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. We will also consider internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with the Uniform Guidance.

As part of obtaining reasonable assurance about whether the Center’s financial statements are free of material misstatement, we will perform tests of its compliance with certain provisions of laws, regulations, contracts, and grants, noncompliance with which could have a material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions is not an objective of our audit. Also in accordance with the Uniform Guidance, we will examine, on a test basis, evidence about the Center’s compliance with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Compliance Supplement applicable to each of its major federal programs for the purpose of expressing an opinion on the Center’s compliance with those requirements. While our audit will provide a reasonable basis for our opinion, it will not provide a legal determination on the Center’s compliance with those requirements.
To the Members of the Administrative Affairs Committee
North Los Angeles County Regional Center, Inc.

Our responsibility for the supplementary information accompanying the financial statements, as described by professional standards, is to evaluate the presentation of the supplementary information in relation to the financial statements as a whole and to report on whether the supplementary information is fairly stated, in all material respects, in relation to the financial statements as a whole.

An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; therefore, our audit involved judgment about the number of transactions to be examined and the areas to be tested.

Our audit included obtaining an understanding of the Center and its environment, including internal control, sufficient to assess the risks of material misstatement of the financial statements and to design the nature, timing, and extent of further audit procedures.

Professional standards also require that we communicate to you the following information related to our audit.

**Significant Audit Findings**

*Qualitative Aspects of Accounting Practices*
Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by North Los Angeles County Regional Center, Inc are described in Note 1 to the financial statements. With the exception of recording the change in the deferred rent liability and accrued vacation on the statements of activities and changes in net deficit and functional expenses, no new accounting policies were adopted and the application of existing policies was not changed during year ended June 30, 2016. We noted no transactions entered into by the Center during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management’s knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate affecting the financial statements were:

- Management estimates that all receivables are fully collectible, and therefore, there is no allowance for doubtful accounts.
- The actuarial assumptions for the post-retirement health care and define benefit pension plans.

We evaluated the key factors and assumptions used to develop the estimates in determining that they are reasonable in relation to the financial statements taken as a whole.

The financial statement disclosures are neutral, consistent, and clear.
To the Members of the Administrative Affairs Committee
North Los Angeles County Regional Center, Inc.

**Difficulties Encountered in Performing the Audit**
We encountered no significant difficulties in dealing with management in performing and completing our audit.

**Corrected and Uncorrected Misstatements**
Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. No misstatements were identified during our audit.

**Disagreements with Management**
For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditors’ report. We are pleased to report that no such disagreements arose during the course of our audit.

**Management Representations**
We have requested certain representations from management that are included in the management representation letter dated February 10, 2017.

**Management Consultations with Other Independent Accountants**
In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a “second opinion” on certain situations. If a consultation involves application of an accounting principle to the Center’s financial statements or a determination of the type of auditors’ opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

**Other Audit Findings or Issues**
We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Center’s auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

**Other Matters**
With respect to the supplementary information accompanying the financial statements, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with U.S. generally accepted accounting principles, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.
To the Members of the Administrative Affairs Committee
North Los Angeles County Regional Center, Inc.

This information is intended solely for the use of the Members of the Administrative Affairs Committee, the Board of Trustees, and the management of North Los Angeles County Regional Center, Inc. and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

Marcum LLP
