****Additional Guidance on Payments for Absences in Nonresidential Services****

On June 18, 2020, DDS issued additional guidance regarding the regional center's authority to fund for absences in nonresidential programs, extending NLACRC's ability to fund through July 31, 2020. Meantime, nonresidential providers are encouraged to continue to deliver services using alternative approaches, and to seek alternative sources of funding such as funding provided by the federal Paycheck Protection Program. Lastly, providers are directed to adjust a claim, by at least 85%, if a federal or state loan was applied during the month of the claim and has been forgiven.
