## **Personal Protective Equipment Available - Announcement & Online Request Form**

### **Notification of Personal Protective Equipment (PPE)**

North Los Angeles County Regional Center (“NLACRC”) is pleased to announce that we received Personal Protective Equipment (PPE), also known as Essential Personal Gear (EPG) from the State of California’s Department of Developmental Services (DDS) for distribution to consumers and their family members, caretakers, or support staff, service providers, and Community-Based Organizations. NLACRC invites you to complete a request form to receive up to 7 non-surgical face masks per individual. In addition, there is a limited amount of hand sanitizer and face shields, which will be distributed until supplies last.

### **Eligibility Criteria for receiving Personal Protective Equipment**

Must be an NLACRC consumer, and their family member, caretaker, or support staff, NLACRC vendored service provider, or a Community-Based Organization (CBO)

### **Request Process**

NLACRC invites all consumers, their family member, caretaker, or support staff, service providers, and CBOs meeting eligibility criteria, to complete a request form to receive PPE at the following hyperlink:

English EPG Form - [https://nlacrc.seamlessdocs.com/f/EPG\\_Request](https://nlacrc.seamlessdocs.com/f/EPG_Request)

Spanish EPG Form - [https://nlacrc.seamlessdocs.com/f/EPG\\_Request\\_SP](https://nlacrc.seamlessdocs.com/f/EPG_Request_SP)

### **Process to Distribute Personal Protective Equipment per Request**

Due to the limited number of PPE received from the State of California’s DDS, the distribution of PPE will be made on a “first-come, first-serve basis.” NLACRC will distribute PPE until such time all PPE received from DDS has been distributed. Distribution of PPE will immediately be discontinued at the time all PPE has been distributed to eligible consumers and their family member, caretaker, or support staff, service providers, and community-based organizations. Please know that quantities of PPE are limited, and there may not be sufficient PPE for all individuals that make a request. NLACRC will notify its community when the PPE supply has been completely

distributed on its website at [www.nlacrc.org](http://www.nlacrc.org).

### **Distribution of PPE**

**1. Consumers, and their family member, caretaker, or support staff**

Arrangements will be made to deliver the PPE directly to the consumer's residence.

**2. Service Providers and Community-Based Organizations**

Service providers and community-based organizations may pick up PPE at either NLACRC's Chatsworth or Lancaster business office based on designated times provided by NLACRC.

### **Inquiries and Assistance**

Any individual needing assistance with completing the application for PPE should contact NLACRC's Parent Mentors at (818) 534-5589 or (661) 951-1220 or via email at [parentmentor@nlacrc.org](mailto:parentmentor@nlacrc.org). In addition, you may also contact your assigned Service Coordinator directly.
