

Participant - Access Zoom Interpretation Instructions (Computer)

Instructions: The purpose of this document is to instruct participants on how to access the interpretation feature in Zoom via a computer. *This feature may only be accessed while using computer audio.*

1. **Click** the link that was sent to you or **Copy & Paste** it into your internet browser to open Zoom.

Follow the prompts.

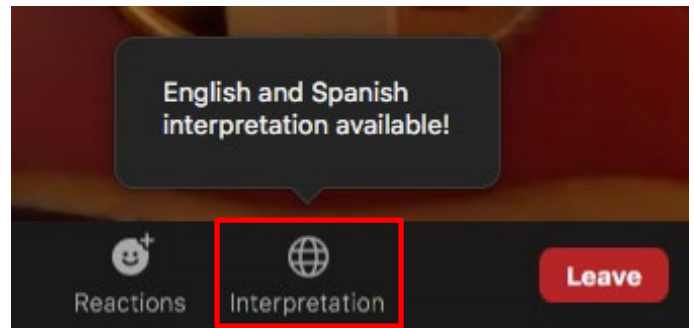

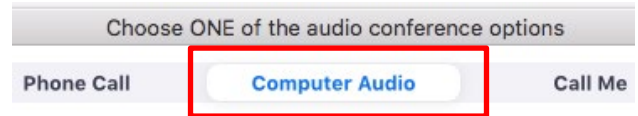

2. Zoom will prompt you to choose an audio option. In order to use the interpretation feature you must click: **Computer Audio** then **Join with Computer Audio**

3. Once you have entered the meeting bring your mouse to the bottom of the screen and click on the **Globe Icon – Interpretation**.

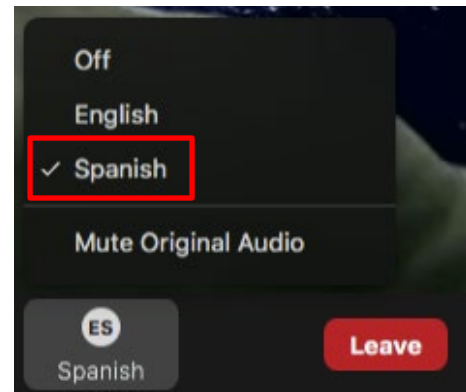

When system dialog prompts, click Open.

If you have Zoom Client installed, [launch meeting](#). Otherwise, [download and run Zoom](#).

If you cannot download or run the application, [join from your browser](#).

4. Click on the **Language** you wish to hear.

5. If you do not wish to also hear the English language presentation click: **Mute Original Audio** (Optional)
